

## Carousel Industries Nationwide e-Rate Vendor

### World Class Solutions

Carousel Industries designs, delivers and supports technology solutions that become the foundation of our clients' businesses. This includes unified communications, virtualization, Voice over IP (VoIP), video conferencing and collaboration and data infrastructure solutions.

Since Carousel was founded in 1992 we've grown an average of 30% - 50% per year with estimated 2010 revenues of over \$200 million. Today we have over 5,000 customers, including 35 of the Fortune 100. Carousel has been recognized by VAR Magazine and CRN Magazine as one of the top technology integrators in the US and has been listed in the Inc. 500 five times.
