Since Carousel was founded in 1992 we've grown an average of 30% - 50% per year with 2012 revenues reaching \$355 million. Today we have over 6,000 customers, including 35 of the Fortune 100. Carousel has been recognized by both VAR and CRN Magazines as one of the top technology integrators in the US and we've been listed in the Inc. 500/5000 six times. Carousel is headquartered in Exeter, RI with over 1,000 employees working from offices in 27 locations across the US, including over 250 service technicians deployed across the country.

Microsoft Skype for Business & Microsoft Teams

As companies accelerate their shift from Skype for Business to Microsoft Teams, Carousel takes a holistic approach in ensuring all aspects from Identity, Messaging, Security, and Governance are reviewed to ensure a successful Teams deployment while keeping sensitive company data secure. We'll help you plan, design, migrate, and manage your Teams projects.

Carousel's value add is about its deep experience in the collaboration space. Our team of technical specialists have decades of experience dating back to OCS. Coupled with Carousel's vast experience in telephony, video, and networking, will ensure any migration to a Skype for Business or Teams voice project will be successful. Whether you are looking at migrating to Teams Calling Plans or integrating Teams with your current IP-PBX with Direct Routing, Carousel is a one stop shop to ensure all aspects are accounted for down to the headset at the desktop level.

As part of our overall portfolio, Carousel offers certified and turnkey solutions for the following:

- › SBC's and Analog Gateways
- › Microsoft Teams Room System and Cloud Video Interoperability Services
- › E911
- › IP Handsets and Headsets

Office 365 Migration, Change Management & Consulting

- › Migrating to Office 365 Enterprise is a multi-phased project that requires expertise in project management, change management, technical consulting, and technical support. Drawing on our experience this will help ensure a seamless migration to Office 365 with minimal disruption to your business.
- › Adoption and Change Management is a critical component of any successful Office 365 Migration. Carousel's people centric approach reduces implementation risk to ensure outcomes. More importantly we help transform how employees think about Microsoft Productivity tools and accelerate the value it provides to their day to day job functions.

Azure

- › Azure can provide many benefits for organizations looking to adopt a public or multi-cloud datacenter strategy. Carousel can help maximize your Azure experience by taking your business to the next level by providing deep expertise across data center, hybrid and public cloud platforms. From Disaster Recovery and Business Continuity to migrating Data Centers, working with our cloud architects can provide a seamless integration with many cloud services.
