

Carousel + Arctic Wolf

Arctic Wolf security engineers are elite professionals steeped in the practice of security, living and breathing the industry's best practices.

Carousel is a Silver Partner for Arctic Wolf with trained technical and sales professionals in the immediate detection of cyber threats and vulnerabilities. Carousel specializes in all Arctic Wolf technologies, including Managed Risk, Managed Detection and Response & Managed Cloud Monitoring.

Together, our security teams are constantly on guard to protect our clients from known and emerging threats. We proactively hunt for hidden threats, perform remote forensics analysis of incidents and provide actionable plans to help remediate incidents.

The Carousel + Arctic Wolf team approach to proper workflows and processes, along with our combined security expertise, bring outstanding value.

Combined Partnership Value

Better Protection

Stronger Security Posture
